

# Team Navy ASRL *DRAFT* Event Program

## Friday 7.30 Start

- Masters running through to either Finals or winner on Pointscore dependant on crews in the division
- Reserve Male & U23 Male; ready for 11am start
- Reserve Male Crews racing Point Score cutting to Sunday
- U23M Crews racing Point Score cutting to Sunday

*NOTE: Reserve Male and U23 Male crews also involved in the Interstate will need to race the first two rounds of Point Score. You will then be given maximum points for the next rounds prior to the Interstate and will need to win your spot into finals day based on the accumulated points*

*Should you be the U23 Male crew selected in both the Interstate and Australian Development Team the same rule applies*

### **SLSA Interstate Championship**

- Interstate: Team Managers Meeting 3pm – ready to commence racing at 3.30pm

## Saturday 7.30 am Start

- U19 Male, U19 Female & U23 Female all in first Block
- U19 Male Point Score
- U19 Girls Point Score
- U23 Female Point Score
- ***International Test Series First Round am***

*NOTE: All 4 Australian and New Zealand crews involved in the “Battle of the Ditch” Test series will be automatically seeded through to Sunday Finals day*

- Continue age rounds all cut to Sunday
- ***International Second Round***
- Open Men Point Score commence
- ***International Third Round fitting into the Open racing***
- Open Female Point Score
- Reserve Female Point Score
- All cutting to Sunday

## Sunday 7.30 am Start

- Reserve Men start the day
- Planned Final finish between 1 and 2pm but it is surf so don't plan the early flight

## Important Notes That Should be read by All Competitors:

- Facebook and the ASRL Phone App plus ASRL Website will be used to provide updated information
  - All times listed are the planned program times but being surf please be ready for change if conditions dictate
  - ***All crews in all divisions will automatically be checked in for racing unless you withdraw your crew on the Wednesday prior. If you plan to withdraw you must do so prior to the event so by 7pm Wed 14 Feb. If you don't tell us your withdrawing you will be responsible for mucking up the draw and will be costing all other crews valuable race time on the beach as the Officials have to re-work the draws.***
  - ***To remove your crew from the draw please advise by email to [registrar@asrl.com.au](mailto:registrar@asrl.com.au) or SMS the details to 0417 362686***
- 
- Draws will be pre done and posted on the ASRL Phone App prior to racing on Friday so late drop outs will greatly affect our ability to produce slick end results for you as everybody will be left sitting around waiting for draws to be re-done
  - Area splits will be posted on the ASRL Website by Thursday
  - **Open Male & Female crews** should be on the beach ready to race by **10.30pm on Sat** but if conditions dictate differently be aware that you could be shifted forward to earlier in the day
  - It is hoped to have a warmup area available so crews can do warmups without any stoppage or disruption to the racing program but note we are on a busy Sydney beach under the guidance of Lifeguards
  - The tight program is providing every crew a minimum of 4 or 5 rows and to achieve this it allows us to stop for no one. If you're not on the line the Starter will be instructed to start the race and you either catch up or miss the race
  - All crews should be aware that the referee will have the ability to change the program to suit conditions and will endeavour to provide as much forward notice as possible should a change be required. This information will be available on the Message Section of the ASRL Phone App plus the Navy/ASRL Facebook page and the ASRL Website
  - Numbers quoted for cuts etc are based on the entry numbers and may change if final numbers differ at the call of the Referee
